The information provided in this whitepaper is for informational purposes only and does not constitute financial, investment, or legal advice. It is not intended as a solicitation or offer to buy or sell any securities or tokens. Cryptocurrency investments are inherently risky, and potential investors should conduct their own research and seek advice from qualified financial professionals before making any investment decisions.

The statements, projections, and information presented in this whitepaper are based on historical data, market trends, and the team's intentions as of the date of publication. However, these statements are subject to change without notice and may not be accurate or reliable at a later date. VERA (\$VERA) and its associated team members do not guarantee the accuracy or completeness of any information presented herein. Investors should be aware that the cryptocurrency market is highly volatile and may result in substantial financial losses. Past performance is not indicative of future results.

The value of VERA (\$VERA) and other cryptocurrencies can be subject to extreme fluctuations, and investors should exercise caution and prudence when considering participation in this market. VERA (\$VERA) has taken measures to ensure security, transparency, and trustworthiness, including the renounced contract, locked liquidity, and regular audits. However, no security measure can be completely foolproof, and there is always a risk of technical vulnerabilities, hacking, fraud, and other malicious activities.

By participating in any way in the VERA (\$VERA) ecosystem, including but not limited to buying, selling, trading, or holding \$VERA tokens, individuals accept all associated risks and responsibilities. VERA and its team members shall not be liable for any direct or indirect losses, damages, or liabilities arising from the use of this whitepaper or the participation in the VERA (\$VERA) ecosystem.
